## LAVAPALOOZA

HAWAIIAN TIKI MUSIC  
VERSIONS OF ROCK & RAP HITS

**NEW CD PRODUCED BY RICHARD CHEESE**

Waikiki's lazy laid-back lounge singer Johnny Aloha performs Hawaiian tiki music versions of popular rock and rap songs. Imagine Don Ho singing Weezer and you've got the picture.

His debut CD, "LAVAPALOOZA," which was produced by Richard Cheese, is released by independent label Coverage Records, and is on sale exclusively at [johnnyaloha.com](http://johnnyaloha.com) and iTunes.

"I discovered Johnny Aloha in Honolulu, he was performing in a resort cocktail bar," says producer Richard Cheese. "He's a great singer. In fact, he is so good, he sounds a lot like me."

The "Lavapalooza" CD includes tiki-exotica-Hawaiian music arrangements of hits like "Paradise City," "Cruel Summer," "Gangsta's Paradise," "Island In The Sun," "Pocketful Of Sunshine," "Thong Song," and "Last Resort." Plus, listen for a special celebrity duet on the song "Almost Paradise," and other guest cameos from famous Hawaiian entertainers!

The CD cover artwork was done by **SHAG**, and exclusive serigraph prints are on sale. The CD also includes a full-color 12-page booklet inside!

From his headlining gigs at Honolulu hotels to his surprise performances at Tiki Bars around the world, Johnny Aloha has become famous for his casual crooning, his stylish Hawaiian shirts, and his perpetual pursuit of the perfect pina colada.
